CORNED BEEF IS CHEAP ON WAGER
Chicago, March 17.—A leading restaurant in the "loop" to-day is serving corned beef and cabbage for 15 cents.
This bargain menu of the celebrated Irish dish is the result of a wager made a year ago by Michael F. Maloney, manager of the restaurant. He told friends that if Ireland became a free state within a year he would serve corned beef and cabbage on St. Patrick's Day for 15 cents. Ireland has become a free state, and thousands of Irishmen who knew of Mr. Maloney's promise to-day were wending their way to his establishment.

WORK TO IMPROVE NEWS SYSTEMS
London Greatest News Centre, Says Lord Burnham
London, March 17.—(Canadian Press Cable)—Lord Burnham, a former president of the Empire Press Union, chairman of the Newspaper Conference since 1914, and a contributor to The Daily Telegraph and various magazines, addressing the members of the Foreign Press Association here to-day, said that nobody could ever deny that London was the world's news centre.

BY-ELECTION IN BRITAIN UPHELDS THE MINISTRY
London, March 17.—The Coalition Unionists won by a plurality of 3943 in the recent Cambridge-by-election against a divided opposition. The Conservative Party, led by Sir Eric Geddes, Coalition Unionist, former Minister of Transport, who resigned. The successful candidate was Sir Douglas Newton, who polled 8,987 votes against the Labor candidate's 6954, and the Independent Liberal's 4,523, it was announced to-day.

NO U. S. COAL MINE WAGE CONFERENCE
Washington, March 17.—Secretary Davis to-day gave out a statement saying that the coal operators of the central competitive bituminous field had refused positively to accept his proposals for a conference with the United Mine Workers to consider a new work agreement to replace that expiring March 31. The only exception to the general refusal of the operators, the Secretary said, was demonstrated by the Illinois operators. The Indiana Coal Operators' Association, he added, had tentatively agreed to the joint conference proposals, but later had withdrawn its decision.

FOUR WOUNDED IN A CLASH IN STREET IN CORK
Cork, March 17.—Four persons were wounded in a clash at midnight between a number of persons following a band, and the "Republican" Police. The members of the procession ignored orders to disperse, and shots were exchanged. One of the wounded was a policeman.

VICTORIA GYROS ARE TO ATTEND SEATTLE EVENT

NEW CATTLE POLICY FOR WEST, PLAN OF GOVERNMENTS
SERIOUS STOCKBREEDING SITUATION RESULTS IN CALL TO CONFERENCE
B. C. AGRICULTURISTS TO GO TO SASKATOON MEETING

Western Canada is to have a new cattle and live stock policy, as a result of steps taken by the Hon. W. R. Matherwell, Federal Minister of Agriculture.
Announcement was made to-day of the calling of a conference of representatives of all Western Provinces at Saskatoon on March 30.
Federal and Provincial departments of agriculture and agricultural colleges including the University of British Columbia will take part in the conference.

B. C.'s Representatives.
British Columbia will probably be represented by Dr. Warnock, Deputy Minister of Agriculture, as the conference clashes with the annual convention of B. C. Livestock men at Kamloops, which the Hon. E. D. Barrow will attend.

Critical Situation.
The abrupt change in economic conditions facing the country with critical situation and it is clear that we must reduce our methods of live stock breeding, feeding and marketing to a carefully planned scientific basis. If we are to assist our farmers to make a comfortable living and if we are to be able to develop a profitable export trade in competition with rival countries which are already pursuing a thoroughly systematic policy in the extension of their industries," says the address in the Commons this afternoon. Mr. Neill distinguished between the obligation to provide relief and the necessity to take such steps as will do away with unemployment. He maintained that it would be good political expediency as well as true statesmanship to find a solution for this problem.

Dealing with the tariff, Mr. Neill said his effort would be to secure the best arrangement possible for British Columbia. The tariff his people favored would probably give lower duties than the manufacturers had asked, but at the same time they wanted duties on the things they themselves produced.
The manufacture and importation of oleomargarine came in for censure, from Mr. Neill. Importation of oleomargarine has been permitted in the first place, purely as a war measure. When the war was over, the farmer was entitled to be relieved from the unfair competition of oleomargarine. Oleomargarine was manufactured by negroes out of vegetable oils and its use was detrimental, especially in the case of young children.

LIABILITIES OF DEFUNCT BROKERAGE FIRM TO BE PAID
Toronto, March 17.—A proposal to turn the business of Bryant, Isard & Company, stock brokers, who went into liquidation recently, over to Bryant Brothers, of Montreal, was presented to the creditors of the defunct company at a meeting here yesterday and was accepted. Under the terms of the proposal, Bryant Brothers will assume the liabilities and pay the creditors in full, payment to extend over a period of time.

COMMUNISTS ACCUSED OF DESIGNS ON SOCIALISTS
London, March 17.—The Labor Party to-day announced that Arthur Henderson, a Labor member of the House of Commons, had received telegrams from the party's Russian Foreign delegation alleging that the Soviet Government was preparing to renew its policy of terrorism against the Social Revolutionary Party. According to the telegram, leaders of the Russian Socialist Party who have been imprisoned three years will be tried for treason March 20, and under cover of the trial the Communist Party intends to conceal its real purpose, which is alleged to be to settle accounts with its political enemies. An appeal is made for immediate and resolute intervention on the part of Socialists throughout the world.

ONTARIO TAX ON HORSE RACE BETS

Government Is Expected to Introduce Bill

Toronto, March 17.—Hon. Peter Smith, Provincial Treasurer, made his budget speech in the Legislature yesterday afternoon and announced a surplus on the year's operations of \$681,789.41. He defended the increased expenditures of the Government during the past year and challenged the financial critics in the Opposition to show in what particular the annual cost of the Government could be reduced without the interests of the public suffering.

The Treasurer made no announcement of any tax changes in his speech, but it was afterwards stated that a bill would be introduced to levy a tax on betting at horse races. It is understood that it will tax the receipts of the pari-mutuels at about ten per cent, after the jockey clubs'

NEW BRUNSWICK BUDGET SPEECH

Surplus Is Anticipated by the Government

Fredericton, N.B., March 17.—Hon. W. E. Foster, Premier, made the budget speech in the Provincial Legislature yesterday in the absence of Hon. E. J. Etherington, Provincial Secretary-Treasurer, who has been ill in Baltimore, Md., for some time. He presented estimates of receipts of \$2,914,536.16 for 1922, while the estimated expenditures were placed at \$2,905,562.78, which would mean a surplus of \$10,765.38.

JULES CAMBON BECOMES OFFICIAL OF FRENCH BANK

Paris, March 17.—Jules Cambon, who was French Ambassador to Germany at the outbreak of the war, and who has held important posts in the Foreign Office since that time, has resigned to accept the vice-presidency of the Banque de Paris et des Pays Bas, according to The Echo de Paris. M. Cambon lately has presided over the Council of Ambassadors, which deals with questions touching on the execution of the peace treaty.

POINCARÉ CAYS FRANCE WILL PAY

Paris, March 17.—Premier Poincaré told the Finance Committee of the Senate yesterday that France will pay all debts as has been her custom. This declaration is interpreted by the press as intended to correct the impression made by Louis Loucheur's speech at Lyons last month in which he said it was his belief that France never would be able to pay a penny of her debt to the United States.

COMOX-ALBERNI MEMBER SPOKE

Neill Said He Was Only Independent in Commons

Ottawa, March 17.—"The only straight independent in the House," was the claim made of himself by A. W. Neill, Comox-Alberni, in the debate on the address in the House of Commons yesterday afternoon.

"I was chosen," he said, "by a convention of those opposed to the Meighen Government. It included Labor, Soldiers Farmers, Socialists, Liberals and some Conservatives. I was to oppose the Meighen Government, and after that I was to be at liberty."

The House greeted Mr. Neill's announcement with laughter, in which Mr. Meighen himself heartily joined.

Mr. Neill read the platform on which he was nominated as follows:

- 1—Opposition to the Meighen Government.
- 2—Abolition of trap nest licenses.
- 3—Fishing licenses to be granted only to white British subjects.
- 4—Absolute exclusion of Asiatics.
- 5—The British Columbia eight-hour law to be enacted for the Dominion.
- 6—Old age pensions.
- 7—Extension of time under certain Soldiers' Civil Re-establishment laws.
- 8—Royal Mounted Police removed from British Columbia.
- 9—A Federal inheritance tax.

SENATOR ASKS ABOUT LARKIN

Senator Wants High Commissioner Order-in-Council Tabled

Ottawa, March 17.—(Canadian Press)—Sir George Foster asked in the Senate yesterday for the production of the Order-in-Council appointing Hon. P. C. Larkin to the post of High Commissioner in London and designating his powers.

Senator McMeans gave notice of a bill to amend the Criminal Code, providing for appeals in criminal cases.

Since the last session eight Senators died. They were Senators Power, Edwards, Donville, Nicholls, Crothers, Boyer, Beth and Milne. Senator Dandurand, Government Leader, and Sir James Loughheed, Leader of the Opposition, paid eloquent tributes to the late Senators, reviewing their political and business careers and expressing the sympathy of the House to their bereaved families.

CALGARY CLOSES ITS BUNKHOUSE

Unemployed Must Go Forth and Find Work

Calgary, March 17.—Unemployed men now quartered at the civic bunkhouse here have been given notice that unless they have secured work on or before Monday first they will be turned out. The camp was to have been closed on Wednesday, but in compliance with a request from the unemployment committee the extra days of grace were granted.

In company with Edmonton action, no more applications for relief in the bunkhouse will be accepted, and the men are now contemplating accepting work on farms till Spring work opens up.

BRITISH-MEXICAN ARBITRATION PLAN

Negotiations in Progress Regarding British Claims

London, March 17.—Negotiations are proceeding with the Mexican Government for the conclusion of an agreement for the submission to arbitration of all British claims against Mexico. This announcement was made in the House of Commons last night by Cecil Harcourt, Under-Secretary for Foreign Affairs.

The British Government, he added, was hopeful of eventual friendly relations between Great Britain and Mexico.

COW SETS UP WORLD RECORD

New York, March 17.—Paucies Star, a Jersey cow, has set a new world record of 20,616 pounds of milk and 1,006 pounds of butter fat produced in a year's authenticated test. The American Jersey Cattle Club announced to-day. The test was begun February 25, 1921, when the cow was six years and eleven months old.

She is the oldest daughter of Fauvic's Prince, Silver medal bull.

The Jersey senior two-year-old championship was awarded to St. Maves Prettily Lady, owned by L. C. Daniels, of Tillamook, Ore. Her record was 12,550 pounds of milk and 524.33 pounds of butter fat.

Gouin Contributed to the Commons Debate in Ottawa

Ottawa, March 17.—(Canadian Press)—"The Liberal party has one chief, and one chief only, and that chief is the Prime Minister of Canada," said Sir Lomer Gouin, Minister of Justice, speaking in the debate on the address in reply to the Speech from the Throne in the House of Commons yesterday afternoon.

Sir Lomer addressed an almost full attendance in the House and there were many in the galleries. On the Speaker's left, interest in the speech was especially keen. Progressive members, in particular, closely followed every word. There were Liberal cheers again and again during the speech, and as Sir Lomer stressed the intention of the Government to give public ownership of railways a fair trial, a number of Progressives joined in the Liberal applause.

"The Minister of Justice said Mr. Meighen had referred to the paragraph in the Speech from the Throne which said: 'Our Dominion has not escaped the world-wide economic disturbance and industrial depression, but has suffered less from it than other countries.'"

"During the election the country was at a serious crisis and the picture which was drawn of economic conditions was no darker than the picture drawn by Mr. Meighen," said Sir Lomer. "Mr. Meighen should have attributed to him the statement that Canada's population was decreasing. 'I never made such a declaration,' Sir Lomer asserted. He did say, however, that the customs revenue was decreasing, and this was borne out by the Treasury returns. No one could say that he was misleading the public when he had stated that the national debt had increased to an alarming extent. His election material had not exaggerated, but was an accurate description of the economic condition and state of mind of the people at that time."

A Change.

Circumstances had changed since the dissolution of the last Parliament and the feeling of security which had prevailed in the country and the general revival of business were due to the confidence the people of Canada placed in the new Government.

Mr. Meighen had referred to Sir Lomer's stand on the tariff question and had insinuated that this stand was inspired by certain interests to which Mr. Meighen attributed the defeat of his party and the triumph of the Liberals.

Tariff.

"My views on the tariff have never changed for the last twenty-five years," said Sir Lomer. "For fifteen years I have followed, approved and endorsed the Laurier-Fielding policy. During the election I advocated the same policy. I told the electors of Laurier-Fielding and the Province of Quebec that if the Liberal Party secured their confidence the tariff would remain true to the Laurier-Fielding policy and would carry it into effect. That policy it would carry into effect in revising the tariff to meet necessities which had arisen since the last revision, taking into account the necessities of the consumer, of the farmer—for agriculture is a basic industry in this country—and the necessities of the manufacturers in general."

"That policy I advocated before the general election. That policy I advocated in the City of Quebec some years before the general election at a dinner at which Mr. Meighen was a speaker himself. Mr. Meighen then applauded my declaration and made no insinuations such as those he made the other day."

Shoes.

Sir Lomer said that Mr. Crear had quoted from one of his speeches before the Shoe Manufacturers' Association, and seemed to have found therein a declaration indicating an increase in the duty of shoes. It was surprising that Mr. Crear had

made such a discovery. Sir Lomer added that he had only reminded the shoe manufacturers that their era of prosperity had followed the tariff revision in 1907. He had reminded them and their 70,000 employees that all their prosperity they owed to the Laurier-Fielding tariff policy.

Railways.

Mr. Meighen, in speaking on the railways, had endeavored to make it appear that some mysterious power inspired those people who expressed the opinion that they did not believe in state ownership and operation of railways.

Mr. Meighen had come out categorically in favor of nationalization. "He is sincere, I know," said Sir Lomer, "but why should he cast suspicion on those who do not share his views?"

There were those on the Government side, Sir Lomer frankly admitted, who did not believe state ownership to be either practical or profitable. But he could not understand why Mr. Meighen should be suspicious of the good faith of the Government or any of its members.

Meighen's Defeat.

"Mr. Meighen stated that his Government was defeated by the big interests of Montreal," said Sir Lomer. "The interests that defeated his Government are the Liberals, Mr. Speaker, who voted to a man against it. The power that defeated the Government was the will of the people."

"Mr. Meighen allows himself to be blinded by his bitterness against Montreal and against the Province of Quebec, and he is leading others to believe that by Order-in-Council the Government has favored the Province of Quebec which never asked a favor and never received any."

"I admire Mr. Meighen's high attainments. He is a careful speaker and a good fighter, but I regret to have to say that he is not a good loser. He will have an opportunity to learn, and I hope that some day I will be able to say that he is a good loser as he is a fighter," said Sir Lomer.

One Leader.

"Mr. Meighen," said Sir Lomer, "has taken pleasure, particular pleasure, in designating me 'The Master of the Administration.' This is an old game which has been played before in this House by some of Mr. Meighen's predecessors, and the one thing I regret is that it is resorted to to-day, not so much to annoy me as to accentuate the unfortunate difficulties which have existed too long between certain Provinces of the Confederation and the Province of Quebec. The Liberal party has one chief, and one chief only. That chief is the Prime Minister of Canada. He has depended, and he can depend, upon the loyal support of his colleagues, of every one of the Liberal members of this House, and every Liberal in Canada."

To Serve Country.

"As for myself, I am nothing but a man of goodwill. I hope I will be long enough in the House to convince all my fellow-members, Conservatives and Progressives as well as Liberals, that I have only one ambition in coming here—simply to be permitted to serve my country in my own modest way—and to try and give full expression to that spirit towards which I have directed all the efforts of my life for twenty-five years in another field, the spirit of unity which is so necessary for the prosperity of our country and the happiness of our citizens."

Applause from every part of the House, and cheers from the Liberal benches, followed the conclusion of Sir Lomer's speech.

ber for Edmonton West, observed that Sir Lomer had told the House the Government was going to give the country in the Laurier tariff. Mr. Kennedy would be quite satisfied if that tariff were framed in the temper of Sir Wilfrid's utterances when he described protection as "robbery and bondage."

There had been no substantial reduction in the tariff since 1896, and after forty years of tariff policy and hardship in Canada than in any previous time. He deplored "lack of definiteness" in the Government's references to tariff reduction and immigration. The immigrants now needed were those who could make good in any country and would have to be shown faith rather than pamphlets on the benefits to be gained by moving from their present quarters. Western Canada wanted the old Wheat Board and under the old conditions rather than any new kind.

Freight rates was another vital problem in the West. He felt that the Government should make a strong stand in regard to reducing freight rates.

In regard to the return of their natural resources, Mr. Kennedy held that the prairie provinces should not be asked to play the "part of colonies" to the older provinces. The re-

sources should be simply handed back to them.

DEPUTY MINISTER BEAT OFF BANDIT NEAR OTTAWA FARM

Ottawa, March 17.—Dr. J. H. Grisdale, Deputy Minister of Agriculture, successfully withstood the assault of a highwayman about 11 o'clock last night while on his way to his home at the Central Experimental Farm. Dr. Grisdale was, however, painfully bruised about the head and face, the wounds evidently being inflicted with some blunt instrument. The man escaped.

ASK PRISONERS BE RELEASED

Berlin, March 17.—The German Federation of Labor yesterday sent a telegram to Premier Loucheur in Russia, appealing for amnesty for forty-five Socialists held in Russia on political charges which are punishable by death. The telegram said that the conviction of these prisoners might seriously strain the relations between Russia and the German workmen.

AFTER MANY CENTURIES.

This is the first time Egypt has been ruled by a king since the disappearance of the Ptolemy dynasty nineteen centuries ago. During that period she has had khedives, pashas, sultans, caliphs, sheiks, governors and prefects, many of them, by the way, being champion autocrats, but Ahmed Fuad Pasha, eighth in line of the celebrated Mehemet Ali, is the first to be duly proclaimed King of Egypt since the Roman conquest.

Paris is still horror-stricken at the thought of any French statesman sitting at a conference table with an emissary from Soviet Russia. The average newspaper thoroughly dislikes Mr. Lloyd George for his part in recognizing that Europe must begin to do business in some form or other with the Moscow authorities.

When the last of the Pharaohs was overthrown by the Persians the Prophet Ezekiel predicted "there shall be no more a prince of the land of Egypt." This prophecy has held good over the two thousand years which have elapsed since then in the sense that in that time no native prince has occupied the throne of the Pharaohs.

CIVIC ESTIMATES.

Very few of the electorate in this city will envy the municipal council in its task of preparing its budget for the next fiscal year. Scarcely anybody will refuse to believe that there is an imperative need for economy and nobody will contend that real retrenchment can be effected by any sort of neglect of the vital services.

At the same time the City Council should bear in mind that if this community is to weather the really competitive stage in its bid for any sort of business it should send out its clarion call in manner suited to the various purposes. It need not become a victim of profligacy in its appropriation for publicity; but it would be the height of folly to ignore its full value.

ters; yet there does exist a necessity to look beyond the immediate present.

We shall agree that there is no earthly reason why the Council should fall over its feet in a hurry to extend undue concessions to prospective industrialists; but there is a necessity which recognizes the competitive instinct of a new and thriving Province like British Columbia. If a little sacrifice on the part of Victoria would turn the trick and encourage an undertaking whose purpose would be just as well served if it should commence operations elsewhere it would be good business for this City to go a little more than the trodden mile by way of inducement.

SILLY NONSENSE.

Paris is still horror-stricken at the thought of any French statesman sitting at a conference table with an emissary from Soviet Russia. The average newspaper thoroughly dislikes Mr. Lloyd George for his part in recognizing that Europe must begin to do business in some form or other with the Moscow authorities.

"AMPUTATION" TAG DAY.

Those service organizations with rosters running into membership by the thousand have little difficulty in enlisting general support in the event of their several bank balances becoming somewhat slender. Membership contributions alone can always be depended upon to keep the wolf at a reasonable distance from the door because of the fact that qualification for participation in the benefits of this type of organized camaraderie admit every former member of the Canadian Expeditionary Force.

ANOTHER FUTILE STRIKE.

Much to the disgust of the Modern Order of Nation Wreckers those gentlemen who have been holding high jinks in South Africa have reached the conclusion that the panacea for most of their own and the world's ills is honest toil and healthy recreation. For something like two months the striking miners have given the Government as much trouble as their intelligence has permitted and at the end of the period they find themselves compelled to listen to reason in an endeavor to set their affairs in

order. It is just another example to the world of Labor that there is nothing useful to be gained by refusing conciliation even in the face of what appears to be a wholly unfair prospect. It has to be reduced to the conference table in the final analysis, while in most cases the aggressors fare considerably worse than they would have done had they consented to unbiased debate in the first place.

NOTE AND COMMENT

Mr. Bowser says he is no quitter. After all he must tell that to the Kamloops Convention in June.

Mr. William Randolph Hearst will be quite annoyed to learn that the South African strike has been settled without a British Empire "crisis."

After ruminating upon the manner in which the word "crisis" has been abused during the last two or three years one is apt to believe that the sting has been taken out of the word.

SHERIFF'S SEIZURE CAUSES SURPRISE

where a very sick woman was trying to secure rest, and in my office—is going to the very limit in unreasonable execution—an act wholly unworthy of any man who could lay the remotest claim to the title of gentleman, and an act that will be fully resented.

Refused \$10,000 a Year. "Mr. North and I, by virtue of the position we held last year, could have had an income of from \$5,000 to \$10,000 a year by the judicious farming out of these assets."

Counsel "Trifled With."

That the defendants had "trifled" with him and with the Court was the contention made by Mr. Higgins, who stated that his clients would proceed with the actions as yet undecided. "Why did we put the sheriff in? Well, the defendants made some protest about putting up land as security. The Registrar could not, under the law, accept land as security for the judgments, and they offered nothing else, so we put the matter in the hands of the sheriff. They trifled with me and with the court in regard to this thing, and we will proceed with the trials on Monday."

Writs Issued Yesterday.

"As Dr. Hall did not give security I was instructed by my clients to issue execution forthwith. The executions were issued yesterday afternoon, and security has not been forthcoming to date."

Admits "Overtures" Made.

"Yes—overtures were made by my clients, but without prejudice. They were made by my clients, who said that if the defendants would restate them only temporarily, so that my clients could rehabilitate their characters in the eyes of the public court, in consideration of the men being paid their salaries for the time they had been out of employment. The overtures were refused."

Action Now Pending.

It is understood that proceedings are under way to-day to lodge the bond required in the case of Dr. Ernest Hall. The sheriff has installed bailiffs in the home and office of Dr. Hall, and it is understood that bailiffs tried to enter the house of Commissioner North, but found the place locked up, and could not make an entry. Residents of adjacent houses saw the men at the North residence on Johnson Street, which has been locked up for some days.

North On Way Up.

It is expected that the bond in the Hall action will be filed to-day, and that the proceedings with the sheriff will terminate, with the satisfaction of the security being lodged with the court. It is understood that Mr. North has been communicated with, and is now supposed to be on his way from San Francisco to stand trial on Monday.

PRINCESS FATIMA MEETS HARD LUCK

Princess had remained since last November, said she too had reached the end of her patience. For a while the Princess paid her bills at the boarding house and then for many weeks she overlooked the practice, the landlady said. Three weeks ago the British consul-general took up the burden and continued it until after breakfast yesterday morning.

Luggage Released.

Yesterday Mr. Koch went around to the Waldorf-Astoria, where the Princess lived in fine style during her first thrilling weeks in the metropolis, and persuaded the management, inasmuch as the Princess had meant well and was going to get out of the country during the day, it would be a gracious gesture to release her luggage. The heart of the management softened and the luggage was released although the Princess still owed the hotel money.

Stephen Weinberg, who took off his morning coat and put on a naval uniform the day he went to the White House and told President Harding he was the official escort for Princess Fatima, also had a trouble. He was put under \$5,000 bail in Brooklyn yesterday on an indictment charging him with having impersonated an officer in the United States navy. The bail because of his bail because Washington authorities started removal proceedings to take him to the capital to face a similar indictment there.

To United States.

The Princess became a bit bored with Afghanistan last Summer and decided to visit the United States. She gathered her three sons around her, put on her most vivid Oriental dress, stuck a jewel in her nose, secreted the 44-carat stone under her clothing and stepped aboard a ship bound for San Francisco. There her nose jewel attracted much attention, but no one saw the big dazzler. Customs officials did not even suspect she had it.

And so the Princess came to New York not knowing how little \$13,000 amounts to along the gay White Way.

After she found out something of the cost of living in the United States she hinted one day to Mayor Hylan that she might be willing to part with the large diamond for, say \$500,000. His prompt smile, but of no further encouragement. Then the Princess went to Washington, and when she came back she was just about broke. Weinberg contracted to sell the stone for not less than \$350,000, and the Princess dreamed of buying an American estate and forgetting about Afghanistan.

Forgotten.

Rapt crowds no longer came to gaze upon the Princess. Reporters forgot her. Even the photographers had had enough. Soon no one thought about her except the Salvation Army, which found the Sultan's household in a shabby East Side tenement. For a while the Salvation Army supported the family, and then the Travelers' Aid Society helped a bit. After a while someone suggested that since Afghanistan was a British protectorate, Britain should assume responsibility. Britain did, to the extent of putting the family in a two-room and bath apartment and having the Princess contract to accept ocean passage as the guest of the British Government.

Duty Due.

A few days ago the American Customs Officials and Federal Attorneys succeeded in taking the 44-carat stone away from the sheriff. Yesterday the Princess convinced them that she hadn't meant to smuggle in the stone; she simply had not known the rules, but word came from the Federal Building last night that Uncle Sam would keep it until he obtained his dues.

COAL MINERS' WAGE PROBLEM IN THE STATES. New York, March 17.—The committee on general policies of the anthracite coal operators to-day notified the miners, in session here, that they were willing to compromise the wage controversy on a basis whereby the anthracite industry will provide fair wages at all times and employment to its workers and maximum production of coal at a cost which will enable it to be sold to its customers at a price they are able to pay.

NEWFOUNDLAND BONDS. Montreal, March 17.—It has been announced that the Government of Newfoundland has sold to the Dominion Securities Syndicate an issue of \$6,000,000 five and a half per cent. twenty-year bonds, payable in New York at 98.763 American funds.

DESCRIBES EMPIRE FOR AMERICANS

"You shall," much less "you must." It was held together because all members said "you will." All the Dominions were now equal in status to the Mother Country, though not in power. It was a status which even the men of Iceland, with their deep sense of nationhood, could at last honorably accept.

The world had definitely accepted the new debaters into international society, into the peace conference, when Britain was accompanied by the Dominions of the Empire because control of the Empire's external affairs had passed out of her hands and into the hands of the partnership as a whole. There was no longer the relation of a dominating power to the dominated people. The British Empire rested at present upon agreements of partners.

Mr. Doherty emphasized the smoothness with which the partnership organization had been brought about and was now being conducted, in spite of autocratic laws formerly on the British statute books. He said such laws had been practically nullified wherever they conflicted with the self-government of such a Dominion as Canada. There were certain legal powers possessed by the British Parliament by which it could repeal or change the Canadian constitution, which was in turn derived from the British North America Act; but it simply did not do it.

"The corollary," the speaker asserted, "might even seem to be that it could also legislate, but as in social circles the words 'it is not done' are a powerful bar, so it is in Empire circles. We in Canada feel no anxiety from this quarter because if that Parliament did seek to use this authority it would find itself face to face with the insuperable obstacles of the conventions of its own constitution."

Far-reaching precedent in this matter had already been set, Mr. Doherty asserted, in the naturalization controversy in 1914. When the British Government sought to legislate for the Empire as a whole, this was accomplished by concurrent enactment of the proposed measure by each of the Dominions.

TWENTY-FIVE YEARS AGO TO-DAY

Carson-Fitzsimmons knocked out Carson in his fourteenth round of their fight here to-day. Ottawa—it is announced that the Government will soon invite the McKinley administration at Washington to appoint a joint commission to enquire into the whole subject of international trade with a view to arranging for reciprocity. The strong protectionist feature of the new American tariff does not discourage the Canadian ministers who had expected this development. The steamship Avrang, which is to run in connection with the Miora and the Warrimoo, of the Canadian-Australian line between Victoria and the Antipodes, sailed from London for the Pacific to-day.

CONTAINS NO ALUM

AT THE END OF THE RAINBOW

By Nancibelle Hale

Another Fascinating Romance by the Author of "A Gamble in Beauty."

The premonition which troubled her on the night of Paul's arrival had not returned. Paul seemed more wonderful every time she saw him, and not only was she very much in love with him, but she felt he loved her just as much. It seemed clear that theirs would be a marriage made in heaven. They had surely been brought together in an almost superhuman way. Plainly it had been the call of a man to his mate, or to put it more accurately, the mate calling her man.

She had at no time felt any embarrassment because of writing to him as she did—saying she had chosen him from all the men in the world. It seemed divinely natural and right. And it was proving out that way.

Again she remembered the conversation with Judith about what she expected to find at the end of the rainbow and Judith's laughing reply: "You think that when you find this man there'll be nothing more to worry about and you'll be free from problems. My dear, you're not speaking of matrimony—you're talking of heaven!"

Judith hadn't known Paul, so how could she guess that in reality the search to the end of the rainbow had resulted in her finding something as wonderful—no, far more wonderful than a pot of gold. The love of a man like Paul—her man. And she was sure the years since leaving Judith's home had not only made her a little more worthy of Paul, but better able to understand and appreciate him, better fitted to keep him happy. She felt ashamed of having thought there was something in his past he was keeping from her. Why, that fine, straightforward letter should have convinced her of his honesty, even if his face didn't tell the worth of the man. So long as she did her part, she could be sure Paul would not disappoint her.

Margaret met Judith and Karl at the dock next day, then proudly and happily took them to her home. She insisted upon their staying, but Judith replied that she and Karl were keeping from her. Why, that fine, straightforward letter should have convinced her of his honesty, even if his face didn't tell the worth of the man. So long as she did her part, she could be sure Paul would not disappoint her.

WAS WELL KNOWN PIONEER IN CITY

Late Allen Jeeves, Sr., Resided Here Many Years

A resident of the city for the past thirty-five years, the late Allen Jeeves, Sr., whose death was reported in The Times yesterday, was very well and popularly known here. He took a particularly active part in church and lodge work, being one of the charter members of the local Sons of St. George. He was for many years a member of the Centennial Methodist Church, and took a prominent part in the work of that institution.

He came to Victoria when 31 years of age, and since his arrival here he worked for the council. His sons established the well-known transfer company of Jeeves & Lamb and also the firm of Jeeves Bros. The family residence was 2811 Rose Street, where Mr. Jeeves lived for thirty-three out of the 35 years of his residence in Victoria.

His loss is keenly felt by a large circle of friends in addition to the relatives. In addition to the widow, there are five sons, John Allen, Frank William, Erny, Edmund, Percy and two daughters, both married, Mrs. V. McN. Rolfe and Mrs. W. Richards. All of the family, except Edmund, who lives in Portland, Oregon, are resident in this city.

Mr. Jeeves was taken ill on his sixty-sixth birthday and after a illness of three weeks, passed away at St. Joseph's Hospital. The body has been removed to the E. C. Funeral Parlors and the funeral will take place from there at 2.15 o'clock to-morrow afternoon.

THE SANDMAN STORY FOR TO-NIGHT

THE MAGIC CAT'S EYE
Part I.

Once upon a time there lived a very rich King who wanted for his wife the Princess Nilla who lived in a country far from his Kingdom. The King had heard of her great beauty and of her goodness, and he declared he would have no one else for his Queen. But he could not leave his Kingdom to take such a long journey for other Kings who were envious might hear of his absence and come with their army of soldiers and take his castles and lands while he was away.

In the King's palace there lived a man named Ricko who was the one that attended to all the important business of the King, and to Ricko the King decided to entrust his wooing of the Princess Nilla.

He ordered for Ricko a gorgeous wardrobe many suits, velvet and gold, with long plumed hats to match each suit. He decked him in rich jewels, too, that he might be a worthy ambassador of such a rich King as himself. And for Princess Nilla he

his dying request she was not a daughter worthy of the name. Princess Nilla loved her Father dearly, and she wanted to do everything he would wish her to do, and so that night she became the bride of the scheming Ricko, as he was to set out the next day with the Queen to escort her—they told the Princess to another home.

It would be a crime to sell any of this stuff and the Liquor Board never had any intention of doing so," said Commissioner Falconer. "However, we cannot destroy it until we have the necessary authority, and we have already made application for this. As soon as it arrives the liquor will be destroyed."

Much of the beer is of the two per cent variety, while some of a stronger brand has become unfit for consumption by reason of the ingredients used by the home-brewers. In the majority of cases there are only a few inches of liquor left in the bottles which are exactly as they were seized. "It would take a brave man to take a chance on some of the stuff," said Commissioner Falconer, and to show the opinion of the Liquor Control Board experts it might be noted that in the majority of cases the contents of the bottles is set down as "some kind of fluid."

Board's Confiscated Liquors to Be Destroyed

Vancouver, March 17.—The result of seizures and confiscations made during the prohibition period, and since being used as exhibits in various cases, stored in the Vancouver warehouse of the Provincial Liquor Control Board, a large quantity of beer and other liquors will shortly be destroyed, says The Vancouver World.

Application has been made by the Liquor Board for the necessary authority, and as soon as an order-in-council is passed granting this, the services of a Provincial Police guard will be secured, and in the presence of the proper officials the contents of 151 bottles of beer, a large quantity of Jamaica rum, several bottles of alleged Irish Scotch and Rye whiskies, together with several "crocks" of moonshine, will be poured into the gutters.

"It would be a crime to sell any of this stuff and the Liquor Board never had any intention of doing so," said Commissioner Falconer. "However, we cannot destroy it until we have the necessary authority, and we have already made application for this. As soon as it arrives the liquor will be destroyed."

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Nervous Breakdown

The extreme depression and discouragement which comes over one at times is the most alarming symptom of nervous exhaustion.

This letter is a message of hope to all who find themselves in this unfortunate condition.

Mrs. Geo. T. Tingley, Albert, N.B., writes:—

"For years I was in a very nervous, run-down condition, was much depressed in spirits and suffered a great deal at times. The least noise would irritate me and at times I felt as though I certainly would go crazy. I consulted different doctors to no effect.

"A friend advised the use of Dr. Chase's Nerve Food and I can truly testify today to the great benefits received. There was a marked change before I had finished the second box and when I had used a dozen boxes my nerves were thoroughly restored and I was entirely relieved of those terrible feelings I used to have. I shall ever be ready to testify to the benefits of this wonderful medicine, feeling sure that it will give to others the quick and permanent relief it has given me."

WHAT THE CLUBS ARE DOING

Value of Playgrounds.

"Kiwanians have a fine sense of play," commented Rev. A. H. Sorenson, of Vancouver at the close of the Tuesday Kiwanis Club Luncheon in the Odd Fellows' Hall, West-Edminister. Speaking on "Supervised Playgrounds," he then advanced the theory that children play because they cannot help it and that in their play they are either re-enacting the pursuits of their ancestors or instinctively carrying out their failure life-work in play.

Playgrounds, he said, were not a panacea for all ills, but he thought they would do more to raise the physical standards of the juvenile population than anything else.

NEWS AND NOTES OF THE MINES

Independence Group.

The Fitzgerald brothers have this week started development work on their Independence group on Bear River, says The Portland Canal News. They left town on Wednesday and took their supplies over Bear River. The bridge being out, this consumed considerable time. Once over the river they proceeded up the valley taking in supplies on hand sleighs with them are Chas. Lund and W. M. Williams.

The Independence is a group of twelve claims, situated on the north side of Goose Creek, and on the west side of Bear River, twelve miles from town. Starting at an elevation of 600 feet the claims run up to 5,000 feet.

There are three large parallel mineralized zones, running east and west, on the property, and traceable on the surface for a considerable distance.

Premier Ore Shipments.

During the week the Premier shipped by scow to Anxoy about 1,000 tons of ore, and to the Tacoma smelter on the S.S. Amur about 700 tons. Stewart is to arrange the program of shipments from the first of the year to date up to approximately 9,400 tons.

Silverado.

The particular mission of Captain James Anderson, of Victoria, who passed through Prince Rupert on his power yacht, the Robert G. Seymour, on his way to the Silverado mine Stewart, is to arrange the program of development by his company on the mine for this season.

Captain Anderson said that bad weather and heavy snows had recently handicapped operations at the Silverado considerably but, nevertheless, the first sample shipment of a few tons had been sent to the Tacoma smelter. Returns had shown that the ore had run over 700 ounces in silver. H. D. Cameron is mining superintendent, and H. Behnsen went north yesterday to join the staff. Mr. Behnsen with his sons, L. Behnsen and S. G. Behnsen, have other mining interests in the Salmon River district and will remain there this season.

British Union Complains of Treatment and Threatens Protective Measures

London, March 17.—(Canadian Press Cable)—The Seamen's Union of Australia has received a message from J. Havelock Wilson, M. P. for South Shields, complaining about the refusal of the Australian seamen to admit to their union members of the British Seamen's Union, in accordance with an agreement entered into, according to Reuters's Melbourne correspondent, and stating that the British Seamen's Union may adopt protective measures if this attitude is maintained.

EIGHT-HOUR DAY ON DRYDOCK JOB

No workmen on the new Esquimalt drydock, except teamsters and watchmen, are required to work more than eight hours a day, it was explained by officials of the Federal Public Works Department this morning. The impression gained at the Trades and Labor Council meeting Wednesday night, that a nine-hour day was applicable to a large number of workmen was erroneous, they stated. The present wage scale, they added, when into effect January 2.

LIVER TROUBLE BAD BILIOUS ATTACKS

NIAGARA WILL SAIL TO-MORROW

Liner Expected to Leave This Port at 11 o'Clock for Auckland and Sydney

Three hundred passengers will sail by the Canadian-Australasian liner Niagara, posted to clear from the Rithet piers here at 11 o'clock to-morrow morning for Auckland and Sydney.

The local offices of the Canadian Pacific Railway have been advised that the Niagara will sail from Vancouver at midnight to-night, all outbound passengers having to be aboard at 11 p. m.

The ship will reach here about 8 o'clock to-morrow morning and after taking on passengers, mails and some freight, will get away at 11 o'clock for the South.

The Niagara is taking out a full cargo of general merchandise. The liner Makura, which is operating opposite to the Niagara in the Canadian-Australasian service, is reported to have sailed from Auckland on her return voyage to this port.

GLAD SHE'S GONE

Washington, March 17.—Secretary Denby told the House naval committee that the steamship Great Northern, formerly the flagship Columbia of the Atlantic Fleet, was sold by the Shipping Board prior to the date set for opening of bids, but with the distinct understanding that any bidder offering more than the sale price would get the ship.

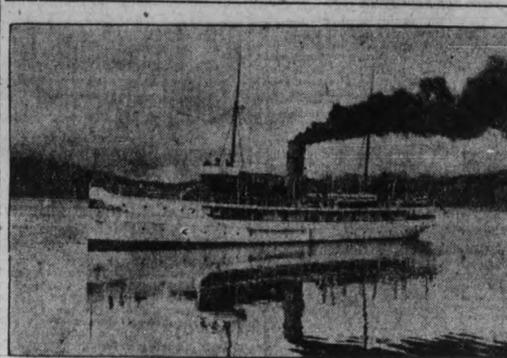

The secretary was called before the committee to give information concerning the turning back of the vessel to the Shipping Board and her sale to H. F. Alexander, president of the Pacific Steamship Company. The transaction was brought up by Representative McClintic, Democrat, Oklahoma, who charged that the method of sale was "peculiar."

"I think the Great Northern was sold prior to the date of advertised sale," said Mr. Denby, "but telegraphic notice was sent to every ship likely to bid that if a higher bid than \$1,250,000 was presented he could take her. This is my information, which is hearsay and not evidence, but I believe it to be accurate. There was the possibility of only one bid."

All government supplies, including the \$75,000 Navy radio outfit, was taken off before the ship was delivered to Mr. Alexander, the secretary declared.

"As chairman of this committee, I am glad the ship is gone," said Representative Butler, this listener would not know whether he travelled on a cattle ship or a freighter."

S.S. REGINA ABOUT TO ENTER SERVICE

New White Star Ship Sailing From Canadian Side April 1

With the advent of the new passenger liner Regina in the Canadian Atlantic service next month, the White Star-Dominion Line will offer the best service the company has yet operated on the St. Lawrence route.

Charles F. Sargent, Seattle manager for the White Star Line, who was in the city yesterday on business, announced that the first sailing of the new liner Regina from Montreal is scheduled on May 13. The Regina will make her maiden voyage in the regular trans-Atlantic service before the opening of navigation in the St. Lawrence, sailing from Portland, March 12, April 1, and touching at Halifax, N. S., on route to Liverpool.

The ships to be operated by the White Star-Dominion Line this season will number four, the fleet consisting of the Regina, Megantic, Canada and Canopic.

The prospects for the coming travel season are exceedingly rosy, according to Mr. Sargent. Bookings are already very heavy on the Atlantic coast, and it is becoming difficult to secure reservations for the big ships sailing from New York.

The indications are that the St. Lawrence route will enjoy a big season, as unusually heavy travel is expected on all trans-Atlantic routes this year.

OPERATING COSTS AND PROFITS ON GOVERNMENT SHIPS

Results of the Canadian Government Merchant Marine operations for 1921, according to a statement issued to the press at Ottawa, are shown as follows: General expenditure, \$1,816,292; overheads and wharf expenses, \$861,300; total expenditure, \$1,767,592; gross revenue, \$1,916,248; loss on operations, \$1,761,344. A press correspondent, in transmitting these figures, put the total investment in the sixty-three ships at over \$70,000,000, but took \$65,000,000 as representing those complete and in full operation during 1921, and figured interest at 5% per cent \$3,250,000, and depreciation at 5 per cent \$3,500,000, a total of \$6,750,000, which added to the loss on operations, \$1,761,344, makes a total of \$8,511,344. Particulars of the different services show the following results: Australia, etc., nine voyages, profit \$201,130; India, etc., three voyages, profit \$1,125,000; London, Kingston, forty-four voyages, loss \$202,112; South America, six voyages, loss \$185,000; British Columbia, California, etc., \$1,174; passenger service to West Indies, loss \$256,300; entire service to West Indies, including freight ships and combined freight and passenger service, loss \$241,948.

NEGOTIATIONS ON WAGE REDUCTIONS ARE BROKEN OFF

British Delegates Declined to Submit Proposals to Ballot

London, March 17.—The negotiations proceeding for some days under the supervision of the Minister of Labor between the Shipbuilding Federation and the employees in the industry of the proposed wage reduction for the shipyard workers broke down to-day, the conference of delegates dissolving and the delegates returning to their various districts.

The employers had offered to take off ten shillings and sixpence from the men's bonus at the end of March, six shillings in April and ten shillings at a later date. It was hoped that the delegates would agree to submit this proposition to ballot, upon which the employers would suspend their lockout notices. The meeting decided, however, not to take a ballot on these terms.

DON'T NEGLECT A COLD IN THE HEAD

It May Lead to Serious Illness—May Be First Stage of 'Flu

Never neglect a cold in the head. It is a trouble so common that we are apt to treat it as of little consequence. But it is only a step from a cold to Grippe and the possibility of acute trouble in the throat—pleurisy—pneumonia is always there if it is neglected.

This year there is a special danger as 'flu is about and the first symptoms of this disease are similar to a cold in the head. So don't, under any circumstances, neglect a cold.

In its early stages a cold yields quickly to proper treatment. Grip Fix, a combination of the drugs which relieve the system in such cases, gives remarkable results. It relieves a cold in a night and even Grippe yields to it in 48 hours.

There is nothing in Grip Fix but that would be approved by your family physician and the ingredients are stated on each box. It comes in capsule form and is a safe preparation for use in the home. Its action keeps the system open to throw off the systemic poisons created by the cold, reduces the feverish conditions and allays the pains in the head and muscles.

Grip Fix is for sale by all druggists at 25 cents per box or three boxes for \$1.00. Be sure that you get the genuine Reid's Grip Fix as there is no substitute which deals so promptly and effectively with colds, grippe and kindred troubles.

SUNKEN TUG WAS LOCATED IN 75 FEET OF WATER

The salvors are working on the sunken tug Des Brisay and the vessel will shortly be raised to the surface. The salvage men of the Pacific Salvage Company, which has the steamer Leebro on the scene, located the tug about 200 yards offshore and resting in 75 feet of water. A diver was sent down and slings have been passed under the vessel, the object being to hoist the craft to the surface, when suction pumps will clear the tug of water.

RAN SHORT OF FUEL.

Encountering bad weather on her run from Astoria for Dairen, the freighter Georgistan, which in February discharged a cargo of Cuban sugar at the B. C. Refinery, was forced to put into Unalaska, according to radio advices. Her steering gear was reported damaged and bunkers short of fuel.

LOST HER DECKLOAD.

Los Angeles, March 17.—The steam schooner Wellesly, recently purchased by J. C. Ogden for service in the coastwise lumber trade, while en route to a southern terminus encountered a storm on her way from Mobile, Ala., that left her battered and bereft of her deckload of cargo, according to word received here. She was forced to put into Salina Cruz, March 5, remaining there until March 9, when she again started north. After her arrival here she will go to San Francisco for drydocking and repairs.

ASTRONOMER COMING.

The Harrison-Direct Line freighter Astronomer sails from Liverpool March 21 and is expected here about May 15. The Politician, which is now on the coast, is expected at Vancouver March 28. She will come here from the mainland March 28.

Tricks to Win Fortunes

Freak Companies' Funny Schemes

If company flotation continues on its present lines, we shall soon have limited liability concerns no less curious than the companies promoted in the time of the South Sea Bubble.

One was then suggested for planting mulberry trees and breeding silk worms in Chelsea Park, another for carrying on a project of great advantage to the South Sea Bubble. It is, and a third to discover the land of Ophir, and monopolize the gold and silver in that country. Stock jobbers, too, actually dealt in shares in companies for exploiting a wheel for perpetual motion, for transmitting quicksilver into a "malleable and fine metal," and so on.

Buried Treasure.

We cannot equal these enterprises yet, but we are getting on. A few years ago a company was floated for extracting gold from the sea, and the lofty aim of another was to populate (with a capital of £100), the waste places of the earth.

Curious, too, are several companies still in existence. The object of most of them is the finding of buried treasure. Just as remarkable, except in object, as those of the reign of George I., have been registered at Somerset House.

A striking instance was one for working a safety explosive. The capital offered for underwriting this amount, an additional £20,000, was raised in full, and the company has the extremely speculative character of a company been indicated so clearly as it was by the terms in this case.

The nominal capital of an insurance company, again, was £250,000, and yet all the cash actually subscribed by the public was a paltry £25,000, on which the directors took insurance risks to the amount of £500,000. This freak company was, of course, soon wound up.

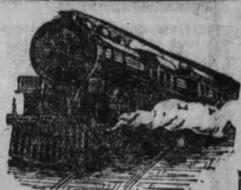

Other companies have been curious as departures from type in other directions. Many have had a capital of only £100, but probably in connection with only one of these has the remuneration of the directors been fixed at £104 per annum—this is, £4 yearly in excess of the whole of the registered capital!

A regular midget company was one with a capital of only £25, of which £15 was offered for subscription in shares of one shilling each. It was for working a club.

Numerous companies have offered special inducements to the "small shareholder. Shares of 5s., 4s., 3s., 2s., 1s. 6s., and 1s. have been common, and last year some of one penny each were available. The company which made this departure was a cinema combine, with a capital of £2,000 in 480,000 shares of one penny each.

A contrast was "Cerikion Limited," which was registered about the same time with a capital of £40,000 in 40,000 shares of £1,000 each. So, too, though to a lesser extent, was a company with a capital in only twenty shares.

The latest additions to freak companies are connected with big estates. Landowners are now turning themselves into companies, because thereby they can evade taxation, which otherwise, they contend, would crush them out of existence. In death dues alone the saving under the new system is enormous. It is estimated that on an estate of £100,000 the duty under private ownership would amount to £14,000, whereas if it was a company's less than £2,500 would have to be paid.—Tit-Bits.

BY-LAW STATIS ONLY WAY OF SECURING FUNDS FOR BRIDGE Aldermen Abandon Hope of Raising Money Otherwise

Abandoning hope that the Provincial Government will allow them to borrow about \$100,000 to complete the new Johnson Street bridge with out consulting the ratepayers, members of the City Council had reached the conclusion to-day that they would have to submit a new Johnson Street Bridge Loan By-law to the voters during the next few weeks.

Must Finish Work. Some aldermen fear that the electors might turn down a second bridge loan by-law. If this should occur the bridge work would have to be completed out of current revenue, for the city is bound by contract with the C. P. R. and the Provincial Government to finish construction of the bridge.

at the Theatre ROYAL VICTORIA

"The Sign on the Door," Norma Talmadge's latest Associated First National starring vehicle, which will be the attraction at the Royal Victoria Theatre again to-day, is said to enjoy the unique distinction of being perhaps the first version of a stage play which has ever gone to the screen without a change.

Director Herbert Brenon, it is declared, followed Channing Pollock's stage play, scene for scene and situation for situation.

It is also interesting to note that for months the story of "The Sign on the Door" has been in the scenario department of one of the foremost film companies, and was returned to Mr. Pollock with a note that it was not suited for screen production.

However, when the play had been successfully produced on Broadway New York, a representative of the above-mentioned company, along with many others, tried desperately to obtain the film rights, but Joseph M. Schenck had already grabbed the prize.

"Fool's Paradise" exhibits a remarkable cast which includes Dorothy Dalton, Conrad Nagel, Theodore Kosloff, John Davidson, Julia Faye, Clarence Burton, George Fields, Jacques Lecoq, Kamilla Searies and other notable players.

CAPITOL

Several happy reunions marked the making of "Nancy From Nowhere," the Realett picture starring lovely Bebe Daniels, which is now showing at the Capitol Theatre.

In the first place, Miss Daniels again came under the direction of Chester M. Franklin, the director who made her very first starring picture, "You Never Can Tell," which was a great popular success. Since that time, Mr. Franklin has directed others of the Realett stars, and was sent East to make several pictures.

Also in the cast of this picture is Edward Martindel, Mr. Martindel played a leading role in "You Never Can Tell," which was one of his earliest appearances in pictures. He made his professional start as a bass singer in concert and comic opera, with such stars as Fritzi Scheff and Emma Trentini. After "You Never Can Tell," he played "The Drakes," and "Nancy From Nowhere" is his third in her support.

The leading man in "Nancy From Nowhere" is Sutherland, a nephew of Blanche and Julia Ring and recently seen in a number of Paramount pictures, such as "The Hour," Myrtle Steadman, who plays the part of Mrs. Halliday, has recently been leading woman for "The Girl in the Red Velvet Gown," Vera Lewis playing Miss Daniels in "One Wild Week." The cast is completed by James Gordon, Albert Lee, Helen Holly and Dorothy Hagen.

FOOTBALL LEAGUE MADE DECISIONS

Executive of Upper Island Body Met in Nanaimo

(Times Correspondence.)
Nanaimo—At a meeting of the executive committee of the Upper Island Football League, held in this city, several matters were disposed of.

Regarding the game played in Ladysmith on January 29 between Ladysmith and Nanaimo City under Mat Armstrong's refereeing, when the crowd rushed on to the field, the long journey are even more tatty than were those in the first, delivered last week. This week's episodes are as follows: "The Thing Happens," and "The Tragedy of an Elderly Gentleman."

DOUBLE FUNERAL ON GABRIOLA ISLAND

GEORGE COHAN'S DAUGHTER'S PRESENTED IN FARCE

New Dramatic Features Presented in New York
By Ben Deacon.
Canadian Press Correspondent.

New York, March 17.—A dramatic deluge struck New York this week. The flood of new production swept along Broadway from the offices of the producers engulfing first-nighters and critics in its swirling tide of talk.

It was very largely talk, for, with one exception, the new offerings were drama. The most conversational contribution was the second installment of Shaw's "Back to Methuselah," presented by the Theatre Guild.

The "Tragedy of an Elderly Gentleman" occurs in the year 1790 A.D. The one musical number of the week—"The Rose of Stamboul" at the Century—was an evening to itself. This is something rather more gorgeous and elaborate than the average run of musical show of the season featuring a galaxy of expensive stars. Further details will be given in a later dispatch. Here are brief jottings on some of the other recent additions to the Broadway list:

George Cohan's Daughter.

"Madelaine and the Movies" which marks the breaking of George M. Cohan's firm resolution to produce no more plays in New York, is a fragment of a farce, written in a typical Cohanesque fashion. In all probability "Seven Keys to Baldpate" and its whooping success was somewhat of a factor in Cohan's mind when he wrote it. Its concomitants are similar to a series of laughable lunacies which in the end prove to be the mere imaginings of one of the characters, a scenario writer. (Incidentally, in this it is not altogether fantastic, for the imaginings of a scenario writer are but one degree removed from lunacy.)

The remains of the old "Alderies" Hotel have at last been taken away, and clearing up is in progress. This removes a very old landmark, as it was built over thirty-five years ago.

PERSONALS

Colonel Collard, C. B., who has been in South Africa for the past four or five months, is now in England, and is returning to his home on Quamichan Lake in about a month's time. He will come back via the Panama.

C. B. Mains is planning to build a new store on his present site. This will be a great improvement on that corner.

The "Arcade" erected by Cowichan Merchants are having erected is progressing quickly, and will give a new business a most imposing appearance.

The "remains of the old Alderies" Hotel have at last been taken away, and clearing up is in progress. This removes a very old landmark, as it was built over thirty-five years ago.

Officers were elected for the ensuing year and the financial and other reports for the year were read at yesterday afternoon's final session of the Victoria Women's Presbyterial.

It was decided to extend a very hearty invitation to the Provincial Presbyterial to hold its 1922 convention in Victoria. The Victoria Presbyterial embraces the whole of Vancouver Island and the financial report showed during the year \$2,722 was raised, an increase of \$500 over the previous year. The General Hospital, Toronto, received most of this amount to be used for carrying on women's work in foreign fields. Last year the Victoria Council received \$450 for this purpose.

The election of officers resulted as follows: President, Mrs. James McIntosh (re-elected); First Vice-President, Mrs. W. G. Wilson; Second Vice-President, Mrs. Cotford; Corresponding Secretary, Mrs. Small; Recording Secretary, Mrs. McRae; Treasurer, Mrs. Calvert.

Departmental Secretaries were chosen as follows: Mrs. Greenfield, Nanaimo; Literature Secretary, Mrs. Unsworth; Supply Secretary, Mrs. W. F. Adams; Library Secretary, Mrs. Davidson; Strangers' Secretary, Mrs. Davidson; Press Secretary, Mrs. Graham; Young Women's Auxiliary Secretary, Mrs. J. O. Simpson.

TELLS DYSPEPTICS WHAT TO EAT

Avoid indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic dyspepsia, or indigestion, is probably due directly to "Up the Ladder."

It certainly is a revision to Davis' former strain. Nevertheless, it is a most entertaining dyspeptic's hookum and it will very likely prove more satisfactory from the managerial point of view than the "Up the Ladder" story is that of John Allen, a young and ambitious bond salesman and his wife, Jane, who are the latter's center stage "fast set," and attempts to climb by the aid of a wealthy admirer of his wife. Of course, he is put up. He decides to turn the tables on the wealthy admirer and the final act shows how he turns the dishonesty of the wealthy admirer—the villain of the piece—into his own advantage and saves him from financial and various other kinds of ruin. There is plenty of comedy to relieve the theatricalism of the story.

Broken Branches.—Starts out as a comedy of character but becomes sidetracked into lurid melodrama and finally winds up as a treatise on the upbringing of children. Some very indulgent (and somewhat stagey) father is quite happy with his son and daughter—until a friend, embittered by the ingratitude of his own offspring, implants in his mind the suspicion that his children are affectionate only because they are dependent on his money. He decides to put them to the test by depriving them of the freedom and luxuries to which they have become accustomed. Here come the complications which lead down by the by-way of lurid melodramatic devices. The youth and girl cut up badly. Some very old-fashioned "dive" scene in which the boy appears as a dope fiend with the conventional stage antics of one who has drained the dregs of vice and seeks solace in narcotics, and the girl, vainly trying to be very pathetic, commits suicide. Then it develops that all these hectic happenings occurred only in the old man's imagination. Am so very happy body is happy in the end and the audience is wiser by the knowledge that parents should follow the middle course in bringing up their offspring. They should neither be too indulgent nor use too severe methods. The name of the piece seems inappropriate. It should be called "Helpful Hints on Raising Happy Heirs."

Your Woman and Mine.—Described as an "American drama," and it is—very. It's by Cleva Kinkaid, the author of "Common Clay" and is very largely constructed of old and cast-off material. It has for its theme the battle of wits between a state governor and a country politician. The latter is to cover the state in the diversion of public monies manoeuvred the woman the governor loves into a position necessitating gubernatorial clemency. The brilliant outline covers a story which is all cluttered up with manslaughter, embezzlement, graft, impeachment, and legislative investigation. The best thing in the play is the scene in the legislature which serves to introduce some expert feats of characterization and the impression that it was written from the headlines of an American newspaper.

The money needed to build St. Paul's Cathedral was raised from a tax on sea coal.

TRADE TRIBUTE TO CANADIAN BACON

George Siggs, a leading English bacon merchant, handling large quantities yearly of Danish, Irish and Canadian products, says a business man's first tribute to the preparation of Canadian bacon for the British market. It was in the course of a comment on the recent correspondence paragraph in an Ontario newspaper attributed to an unnamed English merchant that the lower price paid for Canadian bacon compared with the Danish bacon was due to poor selection and curing and not to the wrong type of hog.

Mr. Siggs emphatically stated that this idea was inaccurate. "Canadian packers select and cure their bacon excellently, I find," he said, "and it generally comes in fine condition. The handicap is that the sides lack uniformity compared with the quality and weight possessed by the Danish. This is due to a lack of uniformity in the type of hog

The Times Latest Sporting News

IS IT FINIS FOR CARPENTIER?

Before Georges dropped Cook, the Australian, he said he was done. The report is renewed on the eve of his fight with Lewis.

DEMPSEY IS A REAL NICE BOY.

Jack Dempsey is going to rush from New York to Los Angeles to say good-bye to his Ma before sailing for Europe. Can Ma be the only attraction?

GALLANT FRENCH CHAMPION MAY NEVER BATTLE AGAIN

GEORGES CARPENTIER

Paris, March 17.—Georges Carpentier, the world's light-heavy-weight champion pugilist, may never fight again. The terrific pounding received from Dempsey in the fight last Summer caused Mrs. Carpentier, who saw the motion pictures of the battle, to request her husband to forsake the squared circle. It is understood she has emphatically renewed this request during his present illness. Contrary to printed reports that income taxes had taken away all of Carpentier's available cash, it is said he still has sufficient money to keep the wolf away from his door many years.

Medical men trace Carpentier's illness to a defeat he suffered at the hands of Billy Papke and Frank Klaus when he was only eighteen, but said it was aggravated by the punishment he received in the fight with Dempsey.

Centrals Were Not Scored On In Year

Vancouver Intermediate Ruggerers Who Will Play Here To-morrow Afternoon Have Established Great Record This Winter—Locals Hope to Cross Their Line

Whether or not Victoria will be successful in capturing one Provincial Rugby honor this season will be determined at Oak Bay Park to-morrow afternoon when the second local rep squad will meet the Centrals, of Vancouver. The Mainlanders packed off most of the cups that were at stake this year but the locals are out to make a determined stand and bring home at least one cup, that emblematic of the Intermediate championship of the province.

The Centrals were head and shoulders over everything in Intermediate rugby in Vancouver. They won every game they played during the season and never had a point scored against them. They intend to keep the Capitals from scoring on them to-morrow so as to present an unscathed record. The Centrals have been practicing twice a week for this game and are expected to put up a hard fight.

The Mainland Team. Bill Rolston is captain of the Centrals. The team will be without the services of several of their players, as they have already left town for up-coast and interior points. Jimmy Watters, one of the best five-eighths in town, is among the missing. Keeling will be in his old position on the last defence line. Proctor and Mahon are scheduled to start on the wing three-quarters positions, with Joyce and Laidlaw inside men. Heck Cann is to occupy the pivot position at five-eighths. Mick Rolston and Macdonald are to work in the half berths. The scrum will be composed of Al Irvine and S. Ramona, back line, Z. Mowat and C. Downie, second line, Calder in the lock position and Bill Rolston and M. Stewart, hookers. Moore and Ross are to fill the utility roles.

The local team is in fairly good shape for the game and are expected to be able to get across the Mainlanders' line. The team will consist of the following: Full-back, Goodacre (Wanderers); three-quarters, Rolston (Wanderers), Chaloner (Old Boys), Walls (Wanderers), and McKenzie (Bays); half-backs, Beech, captain, and Taylor; half-line, the five Navies (College); forwards, Kinch, Leasemore and McCullough (College); Travels and Johnson (Bays); Fullback (Wanderers), and Milligan (Old Boys).

WITH THE BOWLERS

In a well-contested match last night, the Travelers defeated the Eagles by 78 pins. M. West bowled high score for the Travelers, 214. W. Neth with 22, for the Eagles. The full scores: Travelers. M. West 148 214 182—542 M. Hunter 131 170 158—459 G. Denholm 124 178 145—447 H. Stuart 147 122 174—443 735 842 870—2447 Eagles. D. Bell 179 189 144—512 O. Forster 122 148 165—435 G. Neill 149 153 158—460 W. Neth 175 179 222—576 A. Potts 117 132 146—395 733 801 835—2369 The next match will be between the Arcades and Wilcox Hat teams.

J. S. HOCKEY TITLE AT STAKE TO-NIGHT

Boston, March 17.—The East will meet the West at the Arena here to-night with the national amateur hockey championship at stake. The St. Paul, Minn., team will meet the Vancouver, B.C., four-goal disadvantage, but in spite of that followers of the game accorded them odds on to-morrow's contest. The second game in the two-game series will be played Saturday night.

LOS ANGELES MAN IN ON OLYMPIC COMMITTEE

Geneva, March 17.—William Garland, of Los Angeles, has been elected an American member of the International Olympic Games Committee. This announcement was made to-day by Baron De Coubertin, president of the committee. The election of Mr. Garland fills the vacancy caused by the resignation of Allison Armour, of Chicago, some months ago.

FOUR SOCCER GAMES ON TAP TO-MORROW

West and Thistles Will Begin Play-off For Junior Football Championship

Combination League Will Provide Good Soccer; No Island Game

Four football games are on the slate for to-morrow. The Combination League will get back into its stride with the Jackson Cup series but of the way and three games will be settled in that race. The fourth game to-morrow will be in the elimination series to pick the junior champions to represent the Capital against Vancouver in the play-off for the British Columbia championship.

An effort was made to put on an Island League fixture to-morrow but it failed. The Wests and Mets, who battled last Saturday in the final for the Jackson Cup, were slated for another game to-morrow, but the arrangement fell through. The remaining games in the Island League will be pulled off. Ladysmith, South Wellington and Nantimo have to play games in this city before the season finishes.

Combination Games.

The three games in the combination League to-morrow will be as follows: Thistles vs. C. P. R. at Stadium; referee, Cull. S. O. E. vs. Sons of C., at Beacon Hill; referee, D. Dougan. Metropolis vs. Garrison, at Central Park; referee, F. Oliver.

The C. P. R. are in hopes of tumbling the Thistles, who so far have not been defeated in the Combination series. All the games should be very close. The standing of the Combination League is as follows:

Table with 4 columns: Team, P, W, L, D, Goals For, Goals Against. Includes Thistles, S. O. E., Metropolis, C. P. R.

Juniors Expect Crowd.

The juniors will have the Royal Athletic Park as a scene for their battles to-morrow. The Wests and Thistles, the only teams to enter for the junior title of Victoria, will kick off at 3 o'clock. It is hoped that there will be a big crowd on hand to encourage the youngsters and also to help swell the funds to send the winners across to Vancouver. The teams to play the best two out of three games. Some of the teams for to-morrow will be as follows: The Wests Juniors will be picked from the following—Tooby, Watt, Judd, Underwood, English, McLennan, Sargent, Passmore, Dunn, Hardie, Sellers, Wachter, Butler and Burns. Thistles—Hewitt; Burton and Dickinson; Roe, Connell and Potter; Howden, Bloom, Wright, Allen, Mulcahy and Paichen.

Edmonton Fighter Springs Surprise

Mitchell, Son of Former Treasurer of Alberta, Wins Provincial Title

Calgary, March 17.—R. Mitchell, son of ex-Provincial Treasurer Mitchell, Edmonton, won the amateur middle-weight championship of the province at the boxing tournament here last night. The Edmonton youth sprang the surprise of the tournament by "kayoning" a Martin, of the 51st Battery, Calgary, the ending coming in the second round. W. Tolson, of Calgary, won the amateur heavyweight championship by outpointing A. E. Harper, Edmonton, police A. A. after three fast rounds. All other finals will be decided Friday night.

King Draws With Winters.

Vancouver, March 17.—Tom King, Australian middleweight, fought ten rounds to a draw with Al Winters, of Seattle, here last night. Charlie Eburn, former lightweight champion of Canada, lost on points to Joe Nestman, of Vancouver, in a six-round bout, in the preliminaries.

White Meets Dundee.

New York, March 17.—Charley White, of Chicago, and Johnny Dundee, of New York, lightweights, will meet in Madison Square Garden to-night in a fifteen-round bout. Horseshoe Lost Verdict. Hartford, Conn., March 17.—Mike Morley, of Hartford, former welter-weight champion of New England, was given the referee's decision over Moe Horsoveitch, of Montreal, at the end of a twelve-round bout here last night.

Vancouver Fancied To Win Big Series

Canadian and U.S. Ice Kings To Meet

Winners of Allan Cup Will Play Champion Amateur Hockey Team From States

Two Games in Toronto End of This Month and Return Games Early in April

Boston, Mass., March 17.—Tentative arrangements for a series of games between the champion amateur hockey teams of the United States and Canada for the international title were made known here yesterday. It is proposed to play the first two games at Toronto, March 25 and 27. The second set of two games will be played here April 1 and 3. The teams that will take part are still undecided.

The Westminster club of this city has won the Allan cup, Minn., club two of the three games necessary for the United States championship. Canadian representative would be the winner of the Allan cup series.

Granites Easy Winners.

Toronto, March 17.—Montaguards, of Ottawa, will not defend the Allan Cup against Regina-Victoria unless they display better hockey on Saturday night in the return match with Granites than they did against the O. H. A. champions in the first of the semi-finals last night. The curlers won seven to two and deserved the victory. Harry Watson, Granite star, scored five of the seven goals, and assisted in one of the other two. Granites outskated their opponents from the start, and showed themselves more finished hockey players in almost every way.

The Ottawa team was playing its first hockey on artificial ice, and were handicapped considerably, but they put up a creditable battle, and gave evidence that they would do much better in the game on Saturday.

Manitoba Juniors Win.

Winnipeg, March 17.—Manitoba University defenders of the Abbott Cup against Regina-Victoria Memorial Trophies, emblematic of the Western and Canadian junior championships respectively, gained a comfortable margin in the first of the semi-finals last night, winning the first of a two-game series, 4 to 1. The second game will be played on Saturday night, and the winners will defend the junior championship against the winners of the Aurb Lee-Fort William War Veterans series, here next week.

OLD COUNTRY FOOTBALL.

London, March 17.—(Canadian Press Cable)—Football results yesterday: Southern Division. Aberdeen 1, Norwich 2. Rugby Results. Bath 3, Newport 7. Gloucester 4, Clifton 6.

LEWIS WINS WITHOUT HIS HARD HEADLOCK

Wrestling Champion Threw Bulgarian Grappler After Long Bout

Nashville, Tenn., March 17.—Ed (Strangler) Lewis demonstrated that he could defend his title as heavy-weight champion wrestler without using the dreaded headlock. In his victory here yesterday over Joe Petroff, Bulgarian heavyweight, whom he agreed to grapple with this hold barred. By using the double crossbar, the champion pinned his opponent for the first fall in one hour 33 minutes. The second fall was secured with a hammerlock in 13 minutes.

Pesek Wants Chance At Lewis.

Chicago, March 17.—Declaring that Ed (Strangler) Lewis's challenge to Jack Dempsey for a mixed wrestling-fighting bout was "a reflection on the wrestling world," Larnie Lichtenstein, manager of John Pesek, to-day posted \$5,000 to guarantee a wrestling contest between Lewis and Pesek and wired Lewis's manager to that effect that he would pay him a \$1,000 bonus to sign articles for the bout. Lichtenstein reiterated his charges that Lewis was a member of a "wrestling trust" which barred Pesek, and named four promoters he said are willing to defeat a Lewis-Pesek match here.

Whitney Gladner, Crack Young Pitcher of the Pittsburgh Pirates, Has Accepted Terms and is Due to Report at Hot Springs to-day.

Earl Shreely, White Sox first baseman, left Walla Walla Saturday night for Seguin, Tex., to report to his team. Manager Tris Speaker of the Cleveland Americans has added another college pitcher to his staff in the person of Bob Bissonette, a left hander. Bissonette made a good showing at Georgetown University. He makes nineteen pitchers on the Indians' staff.

How Are You Hitting 'Em?

Fifteen to one offered against Shaun Spadah and 150 to 100 taken and wanted; 100 to 1 taken and offered against Clashing Arms; 100 to 1 offered against Music Hall; 25 to 1 taken and offered against Sergeant Murphy; 25 to 1 offered against Square Up.

Five Cities Enter Unique Water Gala

Victoria Senior and Junior Swimmers Enter Competition on Large Scale

Regina, Brantford, Ft. William and Saskatoon Clubs in Telegraphic Swim

Linking up the swimming clubs of five other Canadian cities, the telegraphic swim, to be held at the Y.M.C.A. on Monday night, will be unique inasmuch that never before in the history of the local organization has there been five cities entered in a water gala of this sort.

The gala is being put on by the senior and junior members of the organization and a comparison will be made between the various events in these events. The local "Y" boys have been training hard and refuse to be blocked out of a leading position.

Game Men Endorse Central Board Plan

Believe That in Unity They Can Accomplish More; Want Game Board Non-political

Realizing that in unity there is strength the members of the Victoria and District Fish and Game Association at a special meeting held last night in the motor building endorsed a resolution introduced by Del Whittaker which favored the formation of a central or provincial body. The local association is prepared to amalgamate with such an organization, which is expected to spring into being within the very near future. The Mainland is now strongly lined up behind such a body and with the Island of the same opinion a meeting will be called very shortly to bring into being the organization.

Baseball

Bobby Roth, Yankee outfielder, was yesterday suspended indefinitely and told to take the first train home by Manager Miller to-morrow. The proposed route is as follows: Quadra Street to Royal Oak, Saanich Road to Observatory and round to respect Lake, where games will be indulged in for an hour or so then return via Blackwood and Burnside. If you have a cycle, come along and enjoy the fresh air and healthy exercise. The start will be made at 2.30 o'clock from Plimley & Tit nit, Ltd. store, 611 View Street.

Want Non-Political Board.

Another important resolution passed last night was to the effect that the personnel of the Game Board be non-political and that the chairman and members be recognized authorities on game in the province. It was argued that with such a board the conservation of game would be attended to in a more satisfactory manner. An interview is to be arranged between the various game associations and the Attorney-General for a general discussion of matters for the conservation of game in this province. Association Does Good Work. The secretary, C. E. Thomas, gave the meeting some very interesting information. The result of the efforts of the Victoria Association

Local Basketers to Play Friday Harbor

The crack 130 lb. basketball team of the V. I. A. is paying a visit to Friday Harbor, San Juan Island, to-night to play a game against a team at its own. The V. I. team has demonstrated during the last two months that it is one of the best light teams in this city. Its combination and shooting being much above the average, and it has yet to lose a game against a team at its own weight. The line-up in to-night's game will be as follows: Guards, Passmore and McLean; centre, Dunn; forwards, Underwood and Wachter; spare, Holdier.

Lady Basketballers Will Play To-Night

V.I.A.A. and Y.W.C.A. Teams Playing in City League; Two Other Games Are Down

The V. I. A. A. and Y. W. C. A. City Basketball League teams will meet this evening at the V. I. A. A. gymnasium in their return league game. These two teams opened the league last December at the Y. M. C. A. when the V. I. A. A. team won the game by a small margin of points. Since that game both teams have showed marked improvement and they have beaten several of the other teams in the league by approximately the same score so it is expected that as they are evenly matched in the V. I. A. A. team will be as follows: Y. W. C. A. Guard, Connie Beales; D. Long Guard, Corrie Humber; Rosie Robertson Centre, Mrs. Wallace; M. Littler Forwards, Gladys Elliot; D. Clapham Mrs. W. H. Davies; Una Shakespeare. The referee for the game will be Scotty.

More Old Country Golf Pros For Canadian Golf Courses

Montreal, March 17.—And still there are more Old Country professionals coming to Canada. The Essex Golf and Country Club at Sandwich and Country Club at Windsor are the big clubs of Ontario with a membership vying with any Toronto or Montreal club, announces this week the appointment of John Burns from Auld St. Andrews. He has been employed by Forgan & Sons for the last fifteen years with the exception of five years when he served overseas. He is plus one golfer on his home course and is a son of Jack Burns who won the open championship in 1888. The son is now thirty years of age and altogether comes very highly recommended.

Dempsey Will Sail For Europe After Kissing His Mother

New York, March 17.—Jack Dempsey and his manager, Jack Kearns, will sail for Europe on April 11 on the Aquitania. Kearns announced last night. Dempsey said he would first make a hurried dash across the continent to say goodbye to his mother, which will necessitate cancellation of several theatrical engagements. He recently bought his mother a \$15,000 home in Los Angeles.

CONVENTION WILL FORM PROVINCIAL P.-T. ORGANIZATION

Ask Co-operation of Other Educational Bodies

That parent-teachers' associations are becoming a powerful factor in the municipal life of British Columbia, and will continue to increase in influence is indicated by the announcement that a convention will be held in Vancouver April 18 to form a Provincial Parent-Teacher Federation.

Parent-teacher associations of Victoria and surrounding districts, it is expected, will be represented at this convention which will be asked to form the new Provincial organization on this basis:

Article 1. This organization shall be known as the Provincial Parent-Teacher Federation of British Columbia.

Article 2. Object. Section 1. To co-ordinate the work of the Parent-Teacher Federation and associations throughout the Province; Section 2. To support the Education Department, boards of school trustees, teachers' federations and parents in their endeavors to mould public opinion favorably to educational advancement; Section 3. To promote the study of child problems and to foster the best conditions for the training of good Canadian citizens; Section 4. To co-operate with other organizations throughout the Dominion having similarity of purpose with a view to united action on matters of national importance; Section 5. To encourage the formation of a parent-teacher association in every school and district federations of local associations.

Membership. Section 1. Membership shall consist of delegates from affiliated parent-teacher federations and associations of approved constitutions; Section 2. Each association shall be entitled to representation by five delegates, one of whom, at least, shall be a teacher; Section 3. Each federation shall be represented by delegates who shall be its officers, the number of whom, however, shall not exceed six.

Article 4. Executive and Officers. Section 1. The Provincial Federation shall appoint an executive to whom it shall delegate all powers consistent with the carrying out of its purpose herein stated; Section 2. The executive committee shall consist of the officers and twelve members chosen geographically, as far as possible, to represent the parent-teacher activities throughout the Province; Section 3. The officers of this federation shall be the president and two vice-presidents, junior past president, recording secretary, corresponding secretary, treasurer, organizing secretary and press representative; Section 4 (a). One-third of the members of this committee shall constitute a quorum; (b). Vacancies shall be filled by the executive; (c). No officer shall hold the same office longer than two consecutive years, unless under exceptional circumstances. Advisory executive. Section 5. The following educational organizations and departments shall be asked to elect two delegates representing, if possible, both rural and city districts, to act in an advisory capacity on the federation executive: Educational Committee, Women's Institutes, Municipal and Provincial Inspectors, B. C. Teachers' Federation, Principals' Association, B. C. School Trustees' Association, School Medical Department, B. C. Library Association, B. C. University, Normal School.

Duties of Executive. Article 5. Duties of the executive. Section 1. To meet at the call of the president and carry out all powers delegated to it by the Provincial Federation; Section 2. To consider all matters referred to it by affiliated federations and associations; Section 3. To make all arrangements for the annual meeting; Section 4. To arrange for an annual audit of the books of the Provincial Federation by two duly accredited persons, appointed by and at the annual meeting.

Meetings. Article 6. Meetings. Section 1. The federation shall meet during Easter week, the time and the place to be decided upon by the executive; Section 2. A special meeting may be

called by the president at the written request of ten associations or two-thirds of the executive.

Article 7. Affiliations. The federation may, on favorable vote of its members, or by the decision of its executive, affiliate with federations in other provinces to form a national federation.

Article 8. Amendments. The constitution and by-laws may be amended at any meeting of the federation by a two-thirds vote of the members present, notice of motion having been given six weeks previously.

Election of Officers. By-laws. 1. Elections. The officers of the federation for following year shall be elected at the annual meeting. 2. Fees. (a) The fee shall be \$2 for each affiliated federation and association with membership not exceeding fifty, and \$1 shall be paid for each additional twenty-five members; (b) Fees for current year are due at each annual meeting or on affiliation; (c) Associations and federations whose fees are in arrears shall be considered not in good standing, and will not have the power of voting.

3. Committees. The executive shall have power to appoint sub-committees to study special problems or to carry out special lines of work. The executive shall have authority to appoint speakers and organizers to extend the work and to issue literature, as funds permit.

4. Resolutions. It is requested that all resolutions and notices of motion which are to be submitted at the annual meeting shall be sent in writing to the corresponding secretary at least six months previous.

OUCH! BACKACHE! RUB LUMBAGO OR PAIN FROM BACK

Ah! Pain is gone! St. Jacobs Oil acts almost like magic. Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with St. Jacobs Oil.

Rub this soothing, penetrating oil right on your painful back, and relief comes. St. Jacobs Oil is a harmless backache, lumbago and sciatica liniment which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those torturous stitches. In a moment you will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil from your druggist now and get this lasting relief.

ROTARY TROPHY WON BY OAKLANDS SCHOOL

Oaklands School has won the Rotary Club's handsome cup for seed production and citizenship. Rotarians in charge of the seed competition announced yesterday. The Oaklands children produced the best exhibit of garden vegetables and flower seeds as well as a group of essays on the "Relation of Seed Production to Good Citizenship." The trophy will be presented to the successful children by Rotarians next Tuesday.

IS IMPRESSED WITH VARIETY OF VICTORIA TREES

Representing the California Products Company, E. C. Gattin, of Los Angeles, told The Times last evening that he was surprised at the variety of trees and shrubs in Victoria and district.

Mr. Gattin has travelled extensively in Canada and the United States, has a financial venture of his own in Toronto, and in connection with his employing firm's interests in California buys extensively of all tropical and semi-tropical fruits and food products. Under these circumstances he

ANOTHER DELAY IN PIPE DELIVERY HOLDS UP WORK

Gordon Head Waterworks Material From England Overdue

Saanich Councillors last night freely expressed their exasperation over delays in delivery of large water mains for the Gordon Head extension, when Yarrows, Limited, wrote regretting that the shipment expected to leave England on March 11 by the Astronomer has been delayed seven or eight days, and cannot be expected before the end of May.

Another shipment of pipe on board the Blue Funnel liner Politician is already overdue, and while not blameworthy, according to the handicapper, when Yarrows, Limited, wrote regretting that the shipment expected to leave England on March 11 by the Astronomer has been delayed seven or eight days, and cannot be expected before the end of May.

The Council authorized payment to Yarrows, Limited, for twenty-three tons of locally made 12-inch pipe, and also \$1,673 to Ramsay Machine Company for hydrants made in Victoria.

The Central Ratepayers' Association wrote condemning the Council for having raised the Reeve's indemnity, the letter being filed without comment.

To Sign Agreement. Signature of the cemetery agreement with Victoria by the Reeve and Clerk was authorized.

The Council appointed C. Grant, a married returned soldier, as night fireman at \$3.50 per day, in addition to the two men now serving at the Carey Road station.

The Gryo Club urged regulation of the Cordova Bay bus service this year in the interest of better service to campers, their proposal being laid over pending inquiry as to the Council's powers.

Dislike Library Scheme. The Council followed the beaten path of its predecessors by objecting to the establishment of school libraries with books borrowed from the Victoria Library. The Council preferred a system of school owned library established by the School Board, and will so notify the Craigflower School Parent-Teachers' Association, which had asked for permission to borrow books.

Not Interested. The Council last night was offered a tract of land on Shelbourne Street as a cemetery site. The proposal will be returned to the real estate firm interested, with an explanation that the Council has nothing to do with such matters, which will exclusively be the concern of the new Inter-municipal Cemetery Board.

Endorse Health Week. Endorsement was given the proposal of the Victoria Medical Society to conduct a series of meetings for the discussion of health questions during the week commencing March 29.

The Council agreed that the proposed series of lectures will be of great value and importance.

WARD SEVEN TO CONSIDER ISSUE Status of District and School Taxation to Be Discussed

The question of amalgamation of a portion of the urban wards with Victoria, as compared with the alternative proposal of dividing up the municipality of Saanich, will be before the Ward Seven, Saanich Ratepayers' Association this evening. The general meeting at 8 o'clock at Trillium School will be preceded by an executive session at 7.30 o'clock.

The question of school taxation will also be taken under consideration, and in that respect the analysis of school taxation in Saanich, presented in The Times Wednesday will be under consideration, for facts were presented to the ratepayers which quite new to them, and which have a material influence on the attitude to special school rating by districts.

UNIVERSITY CADETS at the Memorial Avenue Tree Planting

The University Cadets, under the leadership of their commanding officer, Major J. H. MacKenzie, participated in a tree-planting ceremony at Memorial Avenue on Wednesday. The cadets, dressed in their uniforms, were seen working with their tools to plant young trees along the roadside. The ceremony was attended by a large number of spectators, and the cadets' efforts were highly praised.

COUNCIL FIRM AGAINST REVISION OF WAGE SCALE

Even Foremen Refused Exemption From Drastic Cut by Saanich

The wage question in Saanich again came to the fore last night, when the Municipal Council was sitting in works committee, with Councilor McWilliam in the chair.

Road Superintendent Girling had submitted a report advising that foremen be treated on a different basis from the general outdoor staff, and be exempted from the full weight of the twenty per cent. cut in pay recently effected, which cut them from \$5 to \$4 daily. For the majority of the men named, a cut of but ten per cent. was suggested, on grounds that they maintained and use a horse for the benefit of Saanich, or alternatively are specially qualified.

On this report Councilors Macnicol and Dooley made a determined effort to re-open the whole wage question, but were routed against by the chair, the superintendent's recommendation being filed.

A proposal that the municipality should pay for employees' telephones, when installed for the benefit of Saanich, was deferred by calling for a report as to the cost involved.

EXPLAINS VALUE OF CASCARA PLANT Tree-bearing Medicinal Bark Fairly Common Around Victoria

In view of the numerous fine specimens of the cascara tree found at Gordon Head, where the bush has not been cleared, and elsewhere around Victoria, the publication of a bulletin on the economic uses of the plant will be welcomed, particularly when it comes from the pen of a well known botanist like John Davidson, F. L. S., who is in charge at the Botanical Garden of the University of B. C. and was formerly Provincial Government botanist.

Mr. Davidson lays special emphasis in the bulletin on the lack of care in clearing land, by which many cascara trees are rooted up and destroyed, while it is possible, by cutting back the trees, and leaving the stumps to shoot again, to continue the crop for future years.

The Central Ratepayers' Association wrote condemning the Council for having raised the Reeve's indemnity, the letter being filed without comment.

INSPIRING ADDRESS BY TOM BEST Business Men of "Y" Hear Interesting Talk.

"About Turn" was the slogan adapted by Tom Best, Religious Work Secretary of the National Council of the Y. M. C. A., when speaking to the business men's group of the local organization last night.

"The local organization last night," he asserted, "and the only remedy is to about turn, and take another method from the one now being used."

The great underlying cause of the world's depression and depression was the "knock, knock, knock of the pessimist," he contended, "and the antidote for this was to reverse, and say something in praise of every one. Through the method of boosting the world would eventually come back to its old form."

"The solution of the world's problems," he stated, "is 'Morale, Sacrifice and Co-operation,' and illustrating the excellent results attained by the men who have worked every one. Through the method of boosting the world would eventually come back to its old form."

In opening his address he referred to the officials of the local organization and the good work that they were doing, his remarks being greeted with a round of applause from the men. He also gave the underlying reason for the long history of the Y. M. C. A., saying that the church was the mother of this organization and would always be as long as it was in operation, which he thought was indefinite.

Mr. Best, when speaking of this province, stated he had never met with such optimism as was prevalent in B. C. "It was here when I paid my first visit in 1899 and it is still here when I returned again this year," he advised the British Columbians to retain this feeling, as it was the only thing that would keep the wheels going round.

WARD SEVEN TO CONSIDER ISSUE Status of District and School Taxation to Be Discussed

The question of amalgamation of a portion of the urban wards with Victoria, as compared with the alternative proposal of dividing up the municipality of Saanich, will be before the Ward Seven, Saanich Ratepayers' Association this evening. The general meeting at 8 o'clock at Trillium School will be preceded by an executive session at 7.30 o'clock.

The question of school taxation will also be taken under consideration, and in that respect the analysis of school taxation in Saanich, presented in The Times Wednesday will be under consideration, for facts were presented to the ratepayers which quite new to them, and which have a material influence on the attitude to special school rating by districts.

COUNCIL FIRM AGAINST REVISION OF WAGE SCALE

Even Foremen Refused Exemption From Drastic Cut by Saanich

The wage question in Saanich again came to the fore last night, when the Municipal Council was sitting in works committee, with Councilor McWilliam in the chair.

Road Superintendent Girling had submitted a report advising that foremen be treated on a different basis from the general outdoor staff, and be exempted from the full weight of the twenty per cent. cut in pay recently effected, which cut them from \$5 to \$4 daily. For the majority of the men named, a cut of but ten per cent. was suggested, on grounds that they maintained and use a horse for the benefit of Saanich, or alternatively are specially qualified.

On this report Councilors Macnicol and Dooley made a determined effort to re-open the whole wage question, but were routed against by the chair, the superintendent's recommendation being filed.

A proposal that the municipality should pay for employees' telephones, when installed for the benefit of Saanich, was deferred by calling for a report as to the cost involved.

INSPIRING ADDRESS BY TOM BEST Business Men of "Y" Hear Interesting Talk.

"About Turn" was the slogan adapted by Tom Best, Religious Work Secretary of the National Council of the Y. M. C. A., when speaking to the business men's group of the local organization last night.

"The local organization last night," he asserted, "and the only remedy is to about turn, and take another method from the one now being used."

The great underlying cause of the world's depression and depression was the "knock, knock, knock of the pessimist," he contended, "and the antidote for this was to reverse, and say something in praise of every one. Through the method of boosting the world would eventually come back to its old form."

"The solution of the world's problems," he stated, "is 'Morale, Sacrifice and Co-operation,' and illustrating the excellent results attained by the men who have worked every one. Through the method of boosting the world would eventually come back to its old form."

In opening his address he referred to the officials of the local organization and the good work that they were doing, his remarks being greeted with a round of applause from the men. He also gave the underlying reason for the long history of the Y. M. C. A., saying that the church was the mother of this organization and would always be as long as it was in operation, which he thought was indefinite.

Mr. Best, when speaking of this province, stated he had never met with such optimism as was prevalent in B. C. GEOLOGICAL SURVEY AND INVESTIGATION

Provincial Iron Ores Survey is Suggested

Joint action of the Federal and Provincial Governments in making an extensive geological survey of the iron deposits of British Columbia was forecast in a letter from Dr. W. H. Collins, Director of Geological Survey in the Department of Mines at Ottawa, read at the Mining Bureau of the Vancouver Board of Trade.

Several weeks ago the Bureau wrote asking that the Federal Government should arrange for an expert geological survey of the iron ore resources of the Province. Mr. Collins, in his letter, states that this matter is already receiving consideration. He points out that from the scattered nature of the ores, especially the magnetite deposits along the coast, a survey would undoubtedly involve a considerable amount of examination by drills. It is doubtful, he added, that any survey less extensive would serve the purpose, and if such a survey was undertaken it would probably have to be done by the Geological Survey Department in co-operation with the Provincial Department of Mines.

He has written to J. D. MacKenzie, in charge of the Federal office in
